LEADING INTERNATIONAL HEMP PRODUCTS COMPANY

Solin Naturals LLC is a leading international hemp smokables and hemp edibles manufacturer, creating innovative hemp/CBD products for a healthier lifestyle.

2022

"We can sit back, do nothing, and watch our planet be destroyed. Or we can take action, become advocates, and start making lifestyle choices which are kinder to people, animals and the planet".

- Kira Simpson -

INTRODUCTION

Our goal is to improve human beings' health with products made from hemp. Therefore, we take every step in the process carefully and check its impact on nature and people. This includes the exchange with our clients, suppliers and employees. The safety of people and the environment is always our top priority, even if this means a higher financial outlay. For example, we pay attention to regional and organic cultivation in our products such as hemp seeds and hemp protein.

Ecological sustainability is always our top priority. We at Solin Naturals pursue high quality standards for our products in order to protect the environment. It is our wish that our descendants can still engage with nature's beauty. That is why we want to ensure that we always act in a sustainable way and use resources carefully in all of our processes.

For us, it is a quest to understand and value what the Earth offers us with open hands. We truly believe in the nurturing power of the Organic ingredients and natural botanicals that we use to produce our products.

ENJOY!

- * Allergen-free, gluten-free, non-GMO, and vegan
- * Made in the USA in an FDA GMP-compliant facility
- * ZERO THC | Drug Test Safe
- * Available in 15mg and 25mg CBD per gum dosages

What Is CBD Gum?

CBD gum is an extremely effective way to deliver CBD oil into the body. The body absorbs functional additives through the oral mucosa, delivering benefits nearly 5x faster. Our healthy chewing gum offers a safe, unique, and effective alternative to other CBD dosage forms, without the difficulty and discomfort of pills, capsules, and ill-tasting liquid. We suggest chewing one piece a day.

So, what sets our CBD gum apart from other CBD dosed products on the market? Let's start with the basics. Our specially formulated chewing gum comes in a tasty cool mint flavor and is made with CBD-rich hemp oil, with each piece of gum containing 15mg or 25mg of CBD. One of our biggest and most important goals in creating our products was to make sure their formulations weren't just innovative, but also more effective. Our tableted CBD chewing gum provides a superior delivery method for distributing its key active ingredients than other oral CBD dosage forms, including pills, capsules, beverages, and gummies.

As you chew, the CBD oil is released from the gum quickly and is absorbed by your oral mucosa, not your digestive system. Bypassing your digestive tract allows the CBD to maintain its inherent bioavailability, and it also means that the CBD gets absorbed by your body five times faster than other forms of oral ingestion. Studies have shown that CBD that is swallowed as capsules, beverages, gummies or edibles delivers less than 10% of the CBD shown on the label. With CBD gum, you get a dose that is strong enough to make a real difference, and delivered cost-effectively so you are not wasting the CBD you consume.

Star-K Kosher Certification

There's a reason why all the Pro's like Tiger Woods and Phil Mickelson are chewing CBD gum.

It's because it works

"Not only does CBD calm any nerves in competitive play, it also eases any aches and pains a sportsmen might endure throughout a given tournament."

SOLIN CANNACKS is a new concept from Solin Naturals, developed to provide fun, and well-being to your days. A trendy grab-n-go snack, that provides you a healthy lifestyle, with high protein and fiber, no added sugars, non-gmo, suitable for vegetarians and at the same time delicious.

We have added Crispy roasted hemp seeds, refined with selected ingredients. The roasted hemp seeds can be used in a particularly versatile way. Refined with organic cane sugar, organic vanilla, organic cocoa or organic coffee, they can be consumed as raw food, e.g. as a crispy topping for salads, muesli, ice cream, yoghurt, etc. The seeds are a delicious snack - and a valuable, natural source of protein! They can be used as an ingredient in trail mixes or as snacks for children, athletes and cinema-goers. The ingredients can stimulate the development and regeneration of organs. They can also promote heart and brain health, lower triglycerides and support the immune system.

Ready to eat in small packages of 25g with powerful mixtures to be with you all day.

Your Cannacks snack at the office, in the gym, between meals, or where and when you wish!

Snack Cannacks, when being healthy and delicious never tasted so good!

SOLIN EDIBLE HEMP SEEDS - 500g | 1kg

Hemp seeds from controlled organic cultivation ORGANIC AND RAW FOOD QUALITY! These hemp seeds enrich the whole food kitchen. They can be added whole or ground to almost any food, such as muesli, bread, pastries or burgers, or simply enjoyed as a nibble.

Hemp seeds impress with their high-quality ingredients and complement a wholesome diet. Hemp seeds provide all essential amino acids and its oil content consists of up to 90% unsaturated fatty acids. For human nutrition, the proportion of the various fatty acids is contained in exactly the right ratio, including gamma linolenic acid. With its essential ingredients, edible hemp supports many functions of our body. 30-40g of hemp seeds are sufficient to cover your daily needs. Hemp seeds are suitable for cooking and baking. With its nutty taste, hemp seeds are pure enjoyment and health!

Slightly roasted hemp seeds taste even nuttier. Hemp seeds are basically gluten-free and also vegan. However, foreign grains (such as wheat grains) may be included. Please clean the seeds before consumption.

SOLIN HEMP FLOUR - 500g | 1kg

Finely ground hemp flour from certified organic farming **ORGANIC AND RAW FOOD QUALITY!**
The flour from the edible hemp seed is ideal for baking and cooking because it gives the food a pleasant nutty taste and serves as a valuable source of protein.
Hemp flour has a high fiber content.

Replace 8-10% of the grain flour with hemp flour and proceed as usual. Also a healthy and tasty alternative for thickening soups and sauces!
Organic hemp seeds are basically free of gluten, but traces of gluten are possible due to foreign seeds (e.g. wheat grains or other cereal grains).

SOLIN Shelled hempseeds | Graines de chanvre décortiquées - 500g | 1kg

Hemp seeds shelled RAW FOOD QUALITY!

The hemp seeds are carefully peeled by machine so that the high-quality hemp oil with its valuable unsaturated fatty acids and the important protein with all essential amino acids is preserved.

Peeled hemp seeds not only refine muesli, bread, pastries and other dishes, but are also used as a decoration on salads, vegetables or desserts. Light roasting creates a tasty nut aroma that gives many dishes an additional touch. To preserve taste and nutritional value, please do not heat above 180 degrees Celsius

Ingredients: hemp seeds* peeled

*= from certified organic cultivation

HEMP SEEDS

Hemp seeds are the unhulled hemp seed that has a nut-like exterior and soft inside.
(the soft inside is what we call the hemp heart)

HEMP HEARTS

Hearts are the hulled hemp seeds. They are the soft, chewy center found inside the shell of the hemp seed.

SOLIN HEMP SEED MUESLI WITH HAZELNUTS - 500g | 1kg

Made from valuable organic ingredients, refined with peeled and roasted hemp seeds, our muesli guarantees a high level of digestibility. Without added sugar. Wheat-free!

Ingredients: barley*, spelt*, oats*, wholemeal flakes*, sunflower seeds*, peeled hemp seeds*, hazelnuts* , linseed*

*=from certified organic farming

SOLIN HEMP SEED MUESLI WITH CHOCOLATE DROPS - 500g | 1kg

With our hemp muesli chocolate crunch, breakfast has a really chocolaty crunch. No wonder, after all, it not only contains crunchy hemp crunchies made from peeled hemp seeds, coconut flakes and caramelized coconut blossom sugar, but also melt-in-the-mouth chocolate drops.

Refined with chia seeds and diced figs, our selected ingredients form a SUPER breakfast muesli - for a conscious and enjoyable start to the day.

The refined ingredient: sprouted barley flakes ensure a wonderfully sweet taste - in a purely natural way.

SOLIN HEMP SEED OIL

Gently cold-pressed - Certified Organic

Our hemp seed oil is obtained with care from organic hemp seeds by cold-press. The oil has a green-gold color, rounds off many dishes with its nutty taste and is also suitable for frying. Due to the high proportion of polyunsaturated fatty acids, it is considered to be one of the healthiest oils. It can be used in the processing industry as a component of cosmetic products, food or as a carrier oil for CBD oil.

While hemp offers different types of oil, hemp seed oil is the most common dietary application you will find. Hemp seed oil comes from the seeds of the plant itself.

When the oil is unrefined, it is commonly considered “Nature’s most perfectly balanced oil”. Here’s why:

- * It contains a perfectly balanced 3:1 ratio of Omega 6 and Omega 3 essential fatty acids.
- * Great source for Vitamin A & E.
- * Includes number of minerals such as calcium, magnesium, sulfur, potassium, phosphorus, iron, and zinc.
- * Has amazing skin care properties.
- * Promotes healthy hair and nails, while reducing inflammation.

SOLIN HEMP PASTA SPAGHETTI - 200g

Ingredients: hard wheat granules, hemp flour (all ingredients from organic cultivation), egg-free. VEGAN.

SOLIN HEMP PASTA SCREWS - 200g

Ingredients: spelt flour* 95%, hemp flour* 5% (*all ingredients from organic cultivation)

HEMP OIL
— CBD —

Hemp Pesto basil | Pesto au chanvre basilic - 150g

Hemp pesto basil with peeled, roasted hemp seeds and sunflower seeds. Hearty pesto with garlic and basil notes. Made with garlic macerate (garlic herb oil)

Ingredients: sunflower seeds*, rapeseed oil-garlic* (20%), rapeseed oil*, peeled and roasted hemp seeds* (10%), hemp oil* (6%), dried tomatoes*, dried basil* (2%), rapeseed oil-basil* (1%), wild garlic*, salt.

*All ingredients from controlled organic cultivation

Hemp pesto chili | Pesto au chanvre chili - 150g

Rapsöl*, Sonnenblumenkerne* geröstet, Tomaten* getrocknet (18%), Hanfsamen* geschält und geröstet (9%), Hanföl* (7%), Rapsöl-Chili* (5%), Basilikum* getrocknet, Salz

Hemp puree salted | Purée de chanvre sel - 250g

Our hemp puree is made from high-quality peeled organic hemp seeds. It is ideal as a spread, in smoothies, but also for cooking and baking. High protein content. Please stir until creamy before use.

Ingredients: peeled hemp seeds*, rock salt 0.6%

*= from certified organic farming. May contain traces of sesame and nuts.

Made in Germany

Peanut puree | Purée d'arachide - 250g

Our hemp peanut butter is made from high-quality, peeled organic hemp seeds and roasted organic peanuts. It is ideal as a spread, in smoothies, but also for cooking and baking. Please stir creamy before use.

Ingredients: Roasted peanuts* 74.4%, peeled hemp seeds* 25%, rock salt 0.6%

* from organic farming. May contain traces of sesame and nuts.

Made in Germany

Hemp nougat cream | Crème chanvre et chocolat - 290g

Our organic hemp nougat cream, the sustainable alternative nut nougat cream, is one of the most popular sweet spreads. However, our nougat cream is different from the usual creams because we don't use any nuts - good for people with hazelnut allergies! - but replace them with 30% hulled organic hemp seeds.

We also do without the usual palm fat and instead use the sustainable alternative: cold-pressed organic sunflower oil from Austria and organic cocoa butter. Refined with a little sugar, our organic hemp nougat cream impresses with an outstanding taste. Perfect as a spread, for baking or just for snacking.

Ingredients: Organic beet sugar, organic hemp seeds 30%, organic cold-pressed sunflower oil, organic skimmed milk powder, organic cocoa powder, organic sunflower lecithin

Made in Austria

SOLIN CBD ROOIBOS TEA

200g = 80 Tea Bags

SOLIN CBD ROOIBOS TEA will be launching on 1 March 2022!

PRICE ON REQUEST

Rooibos tea (pronounced ROY-boss) is less well known than its true tea cousins, but it has excellent health benefits and a delicate flavor that is sweet and aromatic. Rooibos tea contains antioxidants, enzymes, and chemical compounds that help skin look youthful, reduce inflammation that causes pain, and prevent serious illness.

Rooibos tea, also known as red tea, is unique in that it is grown mainly on the African continent and contains polyphenols such as aspalathin that are not found in any other foods. With powerful antioxidant and anti-inflammatory properties, drinking a cup of rooibos tea every day can help you stay healthy.

Taste

Rooibos tea has a sweet, nutty flavor that is often compared to hibiscus tea and earthy notes that are similar to yerba mate infusions. Rooibos is also described as having hints of caramel, vanilla and a smoky essence likened to tobacco.

Rooibos has a light mouth feel that is subtle and not overpowering. It's often described as having a neutral, yet sweet flavor profile that can be enhanced with slices of lemon or a dash of honey. It brews into a reddish-brown hue as visually stunning as it is tasty.

Rooibos tea is also caffeine-free, making it a good beverage at any time of the day. Thanks to its high concentration of vitamins and polyphenols, rooibos tea offers not only delicious taste, but also helps to keep you healthy. Rooibos tea can be brewed as a hot tea or as an iced tea.

Powerful Ingredients

Rooibos tea contains vital minerals including calcium, iron, magnesium, zinc and alpha hydroxyl acid. As with most true teas and herbal teas, it also contains high levels of vitamin C along with powerful antioxidants such as aspalathin that offer extensive health benefits. Rooibos tea contains polyphenols that help to fight free radicals, keeping your body healthy and ready to tackle the day.

 INNOVATION

SOLIN HANF BRAU (HEMP BEER)

Historically, hemp has also been used to brew beer. It was not until the 16th century that the Purity Law ousted hemp additives from beer. SOLIN HANF BRAU is brewed like traditional beer and then gets its typically distinctive taste from hemp.

Before the Purity Law was passed in 1516, house-specific herbal mixtures, the so-called “Gruit”, were often used to bitter and flavor the beer. In some countries, the tradition of brewing with herbs has survived. At that time, hemp was already a widespread cultivated plant and was certainly also used to bitter beers in “Kruut/ Gruit” because of its bitterness.

As part of the growing share of scene drinks in the total beverage consumption, SOLIN HANF BRAU will certainly also find its fans as a mixed beer beverage.

Mixed beer drink made from 95% beer and 5% hemp refreshment drink

Ingredients: beer, water, organic barley malt , organic hops, hemp refreshment drink, water, carbon dioxide, essential hemp oil.

Alcohol 4.9% vol

Contents: 330ml

Made in Germany at the Weissenhohe monastery brewery

SOLIN HEMP BASED MEAT

To be launched Q2 in 2022!

The highlight: In contrast to conventional meat substitutes made from soy or pea protein, our products contain a much higher protein content and are also much more sustainable due to the regional added value.

In terms of price, hemp protein can now also compete with NON-GMO soya, pea and other proteins.

Alternative protein sources are on the rise

The rising world population, urbanisation as well as increasing income levels are leading to an increasing global demand for meat and animal foods. However, current dietary habits are considered unhealthy and production patterns unsustainable. A global dietary shift with an increase in the intake of plant-based foods instead of animal-based foods is said to be key to improving human as well as planetary health.

Funding project: "TASTINO"

Together with the University of Hohenheim, we have launched a funding project in which we are developing meat substitute products from regionally produced hemp protein. This funding project is supported by the Ministry of Food and Agriculture and Bioeconomy with more than 1m€. As part of this funding, we are drawing on the many years of experience of top vegan chefs to develop recipes for novel meat substitute products. The highlight: In contrast to conventional meat substitutes made from soy or pea protein, our products contain a much higher protein content and are also much more sustainable due to the regional added value. In terms of price, hemp protein can now also compete with NON-GMO soya, pea and other proteins.
